

Fairview Park Tennis Courts - Decatur, IL

Mt. Zion H.S. Track

Forsyth Bike Trail Construction

Services:

Sport Surfaces

Whether it is an asphalt basketball court at a city park or a concrete tennis court in your back yard, Dunn Company has the creative skills necessary to offer this custom product.

New Installation

Our experienced craftsman can handle the entire process of the job from hand-installation to long-term maintenance. In addition to the choice of asphalt or concrete, the look of your sport surface can be customized in many ways, including size, striping and your choice of a rainbow of colors.

Maintenance

Maintaining a smooth, level surface is vital to the enjoyment of your sport surface. Let Dunn eliminate any low spots or repair the cracks that might cause an injury or a bad call! Or, let us revitalize the look of your sport surface by adding a fresh seal coat or new striping.

For more information on Sport Surfaces, call [429-4444](tel:429-4444).
